Academic Year : 2021-22

The unique programmes demonstrate Grizzly College of Education's commitment to imparting quality teacher education and producing quality teachers who are capable of serving the nation and proving themselves as global citizens. The Distinctive Program Initiative will distinguish our college by recognizing and supporting programs or activities that have achieved a national or regional reputation for the quality of their work, that reflect the values of Indiana State, and that meet national needs.

The Grizzly College of Education has initiated a house system among the students to develop competitive feelings and also inculcate teamwork spirit which enhance the leadership quality. The house system provides excellent opportunities for student leadership and peer group support. Under the supervision of teacher educators as house masters, and from the students' side, house captains and vice-captains lead the house activities. It is a remarkable means of enabling students of different backgrounds to bond together and operate as a cohesive family. Houses are a common and successful way of building a superb community and spirit. The houses compete in different sporting, cultural, morning assembly, and academic competitions and provide an excellent way to synergize students of different socio-economic backgrounds, all of whom have a common goal and purpose. Students are divided into four houses, namely Radhakrishnan House, Rousseau House, Vivekanand House, and Aristotle House, with equal strength in each house.
