GRIZZLY COLLEGE OF EDUCATION

NAAC ACCREDITED WITH "B" GRADE

Recognised by ERC, NCTE, Affiliated to Vinoba Bhawe University, Hazaribag & JAC, Ranchi

NEAR SATPULIA, GUMO, P.O. JHUMRI TELAIYA, DIST. KODERMA (JHARKHAND)

The growth of ICTs, the acknowledgement of their ease of use, the power and diversity of information transfer allow teachers and students to have access to a world beyond the classroom and create their own learner-centred environment for maximum learning outcome. Mastering ICT skills and their application to improve teaching and learning provide teachers the tools to perform their role as creators of pedagogical environments. Application of ICT tools in teaching and learning process has changed the total scenario of teaching and learning process. Teaching and learning process of this is not now limited within the classrooms boundaries. ICTs are making major differences in the teaching approaches and ways students are learning.
